THE DOMAINE DE BIAR, A DISCOVERY OF THE SENSES

This 18th century folly invites guests to witness nature's enchanting spectacle. A stone's throw from Montpellier, set between the city and the sea, it's the ideal base from which to explore the region.

We welcome you throughout the year to this magical property where yesterday's beauty blends effortlessly with today's contemporary charm. The chateau and its setting never fail to impress and provide the perfect destination for a unique experience which will anchor you firmly to the present moment.

A MULTI-FACETED PROPERTY

We dreamt of a versatile hotel, appealing equally to passing visitors, those living in the local area and anyone seeking a unique setting for their special celebrations. We welcome you for a long or short getaway, a meal as well as for your receptions and seminars.

A RURAL RETREAT STEEPED IN HISTORY

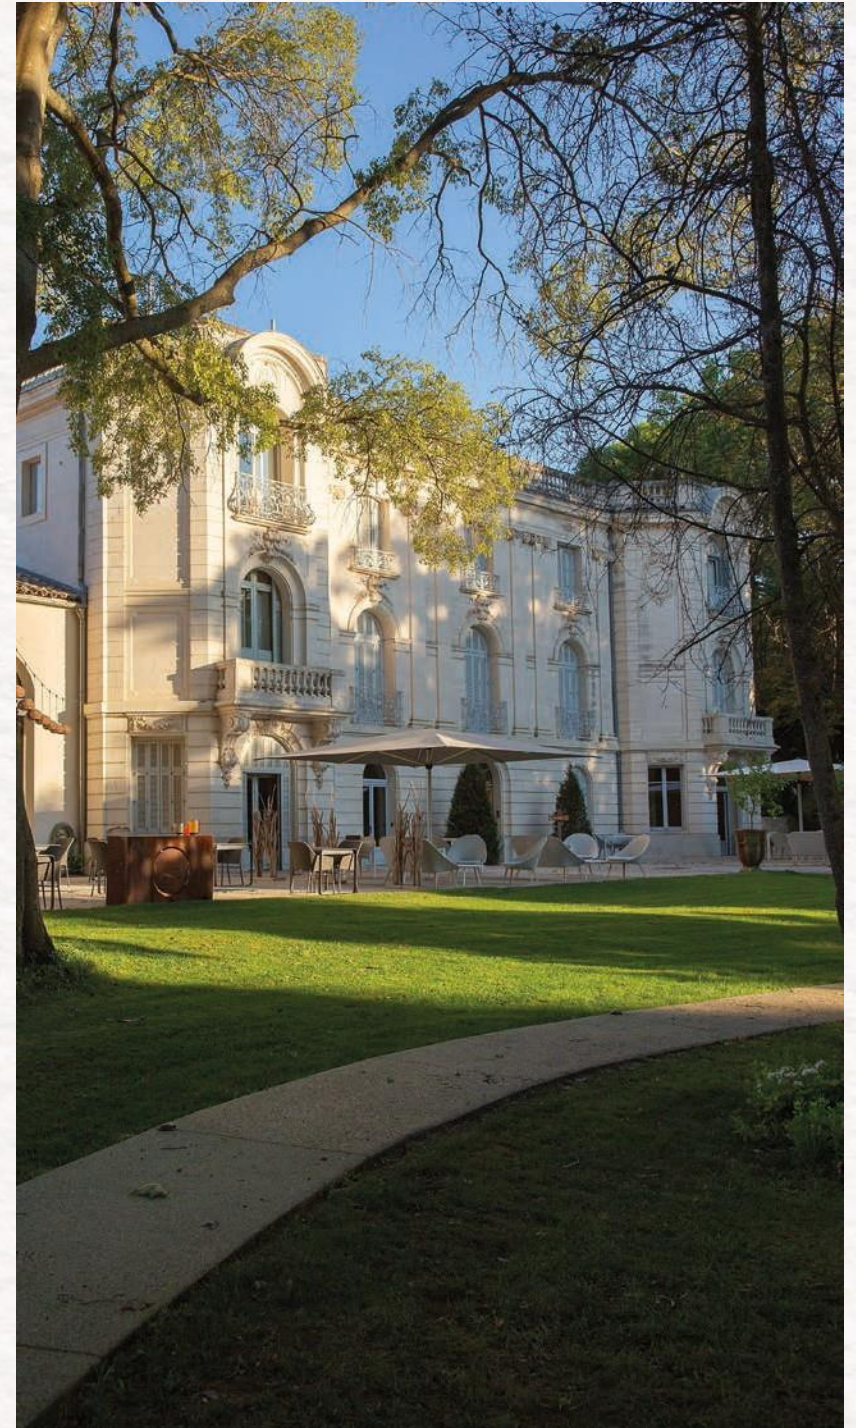

The first references to « Biar » date back to the 12th century, reporting on the quality of the land and its livestock. However, its history can only really be traced from the 18th century.

Once owned by Louis XV, the property later passed through the hands of numerous distinguished figures such as Baron Bonnier de la Mosson, Henri Marès and Augustin Coste. Each had their own particular visions and personalities and successively left their mark on the property.

BIAR'S RENAISSANCE

Abandoned for many years, the chateau sank into oblivion for some time. In 2007 the former owner fell in love with it and decided to bring it back to life.

In a sorry state of disrepair, it required many years of work before it was restored to its former glory and re-emerged as the Domaine de Biar, ready to welcome guests.

A RURAL RETREAT INSPIRED BY NATURE

From the renovation of the chateau to the choice of our suppliers, the preservation of the environment has always been at the heart of our activities. We strive to minimise our impact on the environment, notably through the choice and use of our raw materials, the move towards organic farming on our land and the place of nature in our philosophy.

Our whole team shares the same values based on respect for humanity and love for this planet we call home.

AN EXCEPTIONAL SETTING FOR YOUR EVENTS

For your private or corporate events, our estate offers an unparalleled natural yet elegant setting. This interlude imbued with greenery and history will add a unique touch to your shared moments.

Our modular rooms and spaces can be adapted to your needs to bring all your ideas to fruition. Every occasion is unique and deserves its own bespoke solution.

Soak up the romance of the Domaine de Biar and unleash your love in this stunning natural setting.

EXPLORE THE HUMAN RELATIONSHIP WITH EQUICOACHING

Learn more about yourself with an equicoaching session. Equicoaching is an activity guided by the horse and a coach, which aims to make you more aware of your way of being as well as your verbal and non-verbal communication.

Working with the horse elicits big changes in a very short space of time as it gives you immediate and judgement-free feedback on your interactions with the world around you. In equicoaching, the animal acts like a mirror allowing you to see what you are as an individual as well as a team.

ROLE OF THE EQUICOACH

Our equicoach gently and discretely guides you throughout the session, creating the conditions for your awareness to surface, in an empathetic and safe setting.

No previous experience with horses is necessary, the session takes place on the ground.

RESIDENTIAL SEMINARS

The Domaine de Biar is an environmentally responsible destination with an attentive team sharing the same pursuit of excellence.

Enter a universe designed for reflection and the creation of exciting projects. The resources and the beauty of our calm natural setting make it the ideal place to review and share your strategy. Eureka!
